12. Trees and Hedges

a) Protected and priority species:Yes, on the development site

If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of your local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside your application. Your local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.

13. Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

 Yes, on land adjacent to or near the proposed development No 		
b) Designated sites, important habitats or other biodiversity features:		
○ Yes, on the development site		
● No		
c) Features of geological conservation importance:		
○ Yes, on the development site		
☐ Yes, on land adjacent to or near the proposed development		
⊚ No		
14. Waste Storage and Collection		
Do the plans incorporate areas to store and aid the collection of waste?		⊚ No
Have arrangements been made for the separate storage and collection of recyclable waste?	○ Yes	⊚ No
15. Residential/Dwelling Units		
Due to changes in the information requirements for this question that are not currently available on the system, if Residential/Dwelling Units for your application please follow these steps:	you nee	ed to supply details of
