## Terms and Conditions of Sale

1. A completed entry form, the Registration Book, valid Test Certificate (if applicable) and correct entry fee must be handed to the Auctioneers who have the right to refuse to offer a vehicle for sale.

2. Selling commission on the price for which the vehicle is sold shall be that prevailing at the time and displayed in the Auction Office. Such commission shall be paid by the Vendor on the vehicle being sold whether by auction or private treaty.

3. If the space provided in the entry form for "Reserve Price" is not completed the vehicle will be sold without reserve.

4. Vehicles are left on the Auctioneers' premises at their owners risk. No responsibility is accepted by the Auctioneers for any loss or damage except where such loss or damage is caused by the Auctioneers own actions, staff or agents.

5. (a) On the sale of any vehicle the purchaser shall sign the memorandum endorsed hereon and the contract of sale shall be deemed to be one solely between the Vendor and the Purchaser. Neither the Vendor nor the Purchaser shall have any legal right of action against the Auctioneers in respect of any cause or matter arising out of the sale unless such loss is the result of the Auctioneers error, negligence or failure to disclose relevant information that had been provided by the vendor at the time of sale.

(b) All particulars on the entry form are bona fide given on information supplied to the Auctioneers, but the Auctioneers will not under any circumstances be responsible nor will any allowance be made to Purchasers should there be any error or misdescription in any lot. The Auctioneers take no responsibility for the correctness of any statements which are made on the entire responsibility of the Vendors. The Auctioneers however do not seek to avoid liability for their own errors, negligence or failure to disclose relevant information that had been provided by the Vendor at the time of sale.

6. Notwithstanding anything contained in these Conditions the Auctioneers reserve the right to declare any purported sale null and void if:-

(a) the Purchaser shall default in payment of the purchase price or  
(b) in the opinion of the Auctioneers, and on complaint by the Purchaser within one hour of purchase, there has been any misrepresentation concerning the vehicle's mechanical condition or within 72 hours any material misstatement concerning the vehicle's mileage, accident, ownership history or age by the Vendor. The Purchasers right to take action against the Vendor beyond these periods is unaffected.

7. The Purchaser should inspect any motor vehicle purchased by him before purchase. If the vehicle is entered "NOT WARRANTED" then the Auctioneers will not consider any complaint whatsoever concerning the vehicles mechanical condition, fitness for purpose or roadworthiness. The Purchasers right to take action against the Vendor beyond these periods is unaffected.

8. The highest bidder, if in due time and subject to the Vendor's reserve (if any) to be the Purchaser, subject to the Auctioneers having the right to refuse the bidding of any person. Should any dispute arise between two or more approved bidders, the lot in dispute may be put up again, or not, at the discretion of the Auctioneers. Vendors reserve the right to bid. The Auctioneers' decision in disputed matters is final and binding on both Vendors and Purchasers.

9. The advance in the biddings shall be regulated by the Auctioneers and no person shall retract a bidding.

10. The Purchasers if required to do so by the Auctioneers are to pay down immediately on the fall of the hammer a deposit for a sum determined by the Auctioneers. This deposit will represent part payment of any lot or all lots purchased by the Purchaser who must give in their names and places of abode when required default of which the lot or lots concerned shall be dealt with as lots uncleared in accordance with Clause 15 hereinafter contained.

11. Vehicles entered and given lot Numbers will not be released until they have been through the saleroom or the Auctioneers have ceased selling for the day.

12. Vehicles shall be at the risk of the Purchaser from the fall of the hammer and shall be taken away at the Purchaser's expense and risk between the times named by the Auctioneers at the time of the sale. No vehicle will be released until paid for in full and where more than one vehicle is purchased no vehicle will be released until all vehicles are paid for in full. The Auctioneers however do not seek to avoid liability for loss or damage caused by its own actions, staff or agents.

13. The Vendor will have no right to payment for any vehicle until the Auctioneers have received full payment from the Purchaser unless the Auctioneers have delivered the vehicle to the Purchaser without payment and without the Vendors consent.

14. Where the Auctioneers have paid the Vendor from their own monies and have subsequently received from the Purchaser a complaint about the Vendors vehicle requiring the cancellation of the sale the Auctioneers shall be entitled to recover the purchase price and any attendant costs incurred from the Vendor.

15. Upon failure to comply with any one or more of the above conditions, the money deposited shall be forfeited; the lots uncleared within the time aforesaid shall be resold, either by public or private contract, and the deficiency, if any, upon such second sale, together with all charges attending the same, shall be made good by the defaulter or defaulters at the present sale, and be recoverable as and for liquidated damages; but any surplus that may arise there from shall belong solely to the Vendors.

16. The Auctioneers shall be the sole arbitrators in all matters of dispute arising from the auction and the right is reserved of bidding for, withdrawing, or altering the order of selling of any vehicle or vehicles and refusing the bidding of any person.
