Hello Susan,

Thank you for your enquiry regarding possible diversionary work associated with your proposed development.

After checking with our systems, there is No Openreach apparatus within your area of proposed work and has been deemed as not affected. Although our records show some overhead poles and cables, I do not believe they exist anymore.

Please note that a site survey has not been carried out at this stage, and therefore, if any Openreach apparatus is affected by your works, please contact us so that we can provide you with the necessary Estimate of Costs for alteration/diversion.

Best Regards

Luke Newbury
