- 2.1 Pay the Contributions to the District Council prior to the Occupation of 20 Dwellings.
- 2.2 Not Occupy or permit the Occupation of more than 19 Dwellings unless and until the Contributions have been paid to the District Council.

3. SPA Contribution

3.1 On or before the Commencement of the Development to pay the Council the SPA Contribution and not to permit the Commencement of the Development until the SPA Contribution has been paid to the District Council.

4. Monitoring fee

- 4.1 To pay the Monitoring Fee to the District Council for each Trigger Event that occurs under this Deed. Payment to be made when notification of any Trigger Event is given to the District Council in accordance with clause 5.2.2.

SECOND SCHEDULE
The District Council's Covenants

1. To co-operate insofar as is reasonable with the Owner in the performance of its obligations under this Deed
2. The Council hereby covenants with the Owner to use all sums received from the Owner under the terms of this Deed for the purposes specified in this Deed for which they are to be paid or for such other purposes for the benefit of the Development as the Owner and the Council shall agree
3. At the payee's request to return any part of the sums aforesaid which shall not have been used for the purposes set out above within a period of 10 years from the date of the payment of the last contribution together with simple interest at the base rate prevailing from time to time of HSBC Bank Plc calculated from the date of receipt of the relevant sum by the District Council as evidenced by the District Council's official receipt provided that the District Council shall not be obliged to return any part of any contribution which has been spent or contractually committed prior to the date of the request
4. At the written request of the Owner the District Council shall provide written confirmation of the discharge of the obligations contained in this Deed when the District Council is satisfied that such obligations have been performed

THIRD SCHEDULE
Dispute Resolution Procedure

- 1 In the event of any dispute or difference arising between the parties to this Deed in respect of any matter contained in this Deed such dispute or difference shall be referred to an independent and suitable person holding appropriate professional qualifications to be appointed (in the absence of an agreement) by or on behalf of the president for the time being of the professional body chiefly relevant in England with such matters as may be in dispute and such person shall act as an expert whose decision shall be final and binding on the parties in the absence of manifest error and any costs shall be payable by the parties to the dispute in such proportion as the expert shall determine and failing such determination shall be borne by the parties in equal shares.
- 2 In the absence of agreement as to the appointment or suitability of the person to be appointed pursuant to paragraph 1 of this Schedule or as to the appropriateness of the professional body then such question may be referred by either part to the president for the time being of the Law Society for him to appoint a solicitor to determine the dispute such solicitor acting as an expert and his decision shall be final and binding on all parties in the absence of manifest error and his costs shall be payable by the parties to the dispute in such proportion as he shall determine and failing such determination shall be borne by the parties in equal shares.
- 3 Any expert howsoever appointed shall be subject to the express requirement that a decision was reached and communicated to the relevant parties within the minimum practicable timescale allowing for the nature and complexity of the dispute and in any event not more than twenty-eight working days after the conclusion of any hearing that takes place or twenty-eight working days after he has received any file or written representation.
- 4 The expert shall be required to give notice to each of the said parties requiring them to submit to him within ten working days of notification of his appointment written submissions and supporting material and the other party will be entitled to make a counter written submission within a further ten working days.
- 5 The provisions of this clause shall not affect the ability of the District Council or County Council to apply for and be granted any of the following:
declaratory relief, injunction, specific performance, payment of any sum,

damages, any other means of enforcing this Deed and consequential and interim orders and relief.

APPENDIX 1
Draft Conditions

1. The development hereby permitted shall be begun before the expiration of 3 years from the date of this decision.

Reason: To comply with the requirements of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004 (or any legislation revoking or re-enacting that legislation with or without modification).

2. The development hereby permitted shall be carried out in accordance with the following approved plans:

AS PL 03 Rev. B

AS PL 04 Rev. B

AS PL 05 Rev. B

AS PL 06 Rev. B

AS PL 07 Rev. B

AS PL 08 Rev. B

AS PL 09 Rev. B

AS PL 10 Rev. B

AS PL 11 Rev. B

AS PL 12 Rev. B

AS PL 13 Rev. B

AS PL 14 Rev. C

AS PL 15 Rev. C

AS PL 16 Rev. B

Reason: For the avoidance of doubt.

3. No development above ground level shall take place until samples of materials to be used in the construction of the external surfaces of the building hereby permitted have been submitted to and approved in writing by the local planning authority. The development shall be carried out in accordance with the approved details.

Reason: In the interests of visual amenity.

4. Full details of all external windows and doors, including their frames, surrounds and glazing bars, together with details of the depth of window and door reveals, in the form of half or full-size cross section drawings, shall be submitted to and approved in writing by the local planning authority before any works (including window openings) are carried out in connection with those details. The works shall be carried out in accordance with the approved details.

Reason: No such details have been submitted, and in the interests of visual amenity.

5. Full details of the copings to the top of walls, railings to balconies, expansion joints, recessed and protruding brickwork detailing, rainwater goods, fasciae and eaves in the form of plan, elevation and section drawings at a scale of 1:5, shall be submitted to and approved in writing by the local planning authority before any works are carried out in connection with those details. The works shall be carried out in accordance with the approved details.

Reason: No such details have been submitted, and in the interests of visual amenity.

6. Prior to the installation of any external plant, air conditioning units, flues, vents, satellite dishes or antennas, details of the installations in the form of plans and elevations shall be submitted to and approved in writing by the local planning authority. The works shall be carried out in accordance with the approved details. No external plant, air conditioning units, flues, vents, satellite dishes or antennas shall be installed other than those which are approved.

Reason: No such details have been submitted, and in the interests of visual amenity.

7. The development hereby permitted shall not be occupied until a landscaping scheme for the site has been submitted to and approved in writing by the local planning authority. The said scheme shall include hard and soft landscaping; materials to be used for the deck of the balconies; tree/hedge/shrub planting plans, together with details of their containers, if proposed; written specifications; schedules of species, sizes and proposed numbers/densities where appropriate. Hereafter, the approved landscaping scheme shall be carried out fully within 12 months of the completion of the development. Any trees or other plants which within a period of five years from the completion of the development die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of a similar size and species unless the local planning authority give prior written consent to any variation.

Reason: No such details have been submitted, and in the interests of visual amenity.

8. Prior to the first occupation of the development, details for the provision of double yellow lines to be provided to Adrian Street in the form of plans shall be submitted to and approved in writing by the local planning authority. The approved double yellow lines shall be completed prior to the first occupation of the development hereby approved.

Reason: In the interests of highway safety.

9. Prior to the first occupation of the development, details of bicycle storage facilities shall be submitted to and approved in writing by the local planning authority. The approved bicycle storage shall be completed prior to the first occupation of the development and shall thereafter be retained solely for that purpose.

Reason: To ensure the provision and retention of adequate off-street parking facilities for bicycles in the interests of highway safety.

10. No development above ground shall take place until details of refuse and recycling storage have been submitted to and approved in writing by the local planning authority. The approved works shall be provided prior to the first occupation of the development to which the details relate and shall thereafter be kept available for their approved purpose at all times.

Reason: In order to ensure satisfactory provision of on-site storage for refuse and recycling facilities.

11. No development shall take place until a programme of archaeological work (which shall include a written specification and timetable) and demolition method statement, including details of how any unexploded ordnance would be addressed and the site made safe, has been submitted to and approved in writing by the local planning authority. The demolition shall thereafter be carried out in accordance with the approved demolition method statement. Following demolition, the approved programme of archaeological work shall be carried out in accordance with the approved details. Following completion of the programme of archaeological work a report shall be submitted and approved in writing by the local planning authority which examines and records the findings, including how finds recovered from the site which are not to be preserved in situ will be treated (including a timetable for actions), and, where required, how any important archaeology will be preserved in situ. Finally, a report, which shall include details of the archaeological remains on site and details of all below ground development (including, but not limited to, foundations and services) demonstrating that any archaeological remains which are to be preserved in situ will not be unacceptably harmed, shall be submitted to and approved in

writing by the local planning authority. The development shall thereafter be carried out in accordance with the approved details.

Reason: To ensure appropriate assessment of the archaeological implications of the development proposals and the subsequent mitigation of adverse impacts through preservation in situ or by record. These details are required prior to the commencement of the development as they form an intrinsic part of the proposal, the approval of which cannot be disaggregated from the carrying out of the rest of the development.

12. No development, other than demolition, shall take place until a detailed scheme for the disposal of foul sewage, which shall include provision for works on site and works off site and details of the precise alignment of the public sewer and measures to safeguard it or divert it, as necessary, together with a programme for implementation and long-term maintenance, has been submitted to and approved in writing by the local planning authority. The approved scheme shall be fully implemented and operational before any of the dwellings hereby permitted are first occupied and shall be maintained in accordance with the approved scheme thereafter. For the avoidance of doubt, the scheme for the disposal of foul sewerage shall include engineering drawings and calculations.

Reason: These details are required prior to the commencement of the development to ensure the development is served by satisfactory arrangements for the disposal of foul sewage.

13. No development, other than demolition, shall take place until a detailed scheme for the disposal of the site's surface water, comprising engineering drawings and calculations, and designed in accordance with the principles of sustainable urban drainage, together with programme for implementation and long term maintenance, has been submitted to and approved in writing by the local planning authority. The approved scheme shall be fully implemented and a verification report, demonstrating that the approved scheme has been fully implemented and is operational shall be submitted before any of the dwellings hereby permitted are first occupied. The surface water drainage scheme shall be maintained in accordance with the approved details thereafter. There shall be no infiltration of surface water other than that which is approved.

Reason: These details are required prior to the commencement of the development in order to reduce the impact of the development on flooding, manage run-off flow rates, protect water quality and improve the appearance of the development.

14. All dwellings shall be designed to ensure that the internal unoccupied noise levels in living rooms and bedrooms accord with British Standard 8233:2014 – 'Guidance on sound insulation and noise reduction for buildings' (or any equivalent replacement guidance) in accordance with details to be submitted to and approved in writing by the local planning authority. The approved details shall be completed before the dwellings are first occupied, and thereafter shall be retained in that form.

Reason: In order to protect the occupiers of the dwellings from undue disturbance by noise.

15. If unexpected contamination is found at any time when carrying out the approved development, it must be reported in writing to the local planning authority and development shall cease. A programme and timetable for an investigation and risk assessment shall be submitted to and approved in writing by the local planning authority. The investigation and risk assessment shall thereafter be carried out in accordance with the approved details and the approved timetable. Where remediation is necessary a remediation scheme shall be submitted to and approved in writing by the local planning authority and the approved scheme shall be carried out. Following completion of the

remediation scheme a verification report that demonstrates the effectiveness of the remediation carried out must be prepared and submitted for approval in writing by the local planning authority before development recommences.

Reason: To ensure that risks from land contamination to the future users of land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems.

16. No development shall take place until an unexploded ordnance risk assessment has been submitted to and approved in writing by the local planning authority. The development shall be carried out in accordance with the approved assessment.

Reason: Whilst there is no known unexploded ordnance at the site, which comprises previously developed land, this condition is required to ensure that potential risks from any unexploded ordnance is fully understood and minimised, in the interests of human health and safety, contamination and archaeology. These details are required prior to the commencement of the development as any risks need to be understood and mitigated for before development commences.

17. Prior to the first occupation of the development hereby approved a scheme for the enhancement of biodiversity on the site shall be submitted to and approved in writing by the local planning authority. The approved scheme shall take account of any protected species that have been identified on the site and include a timetable for implementation. The development shall be carried out in accordance with the approved details.

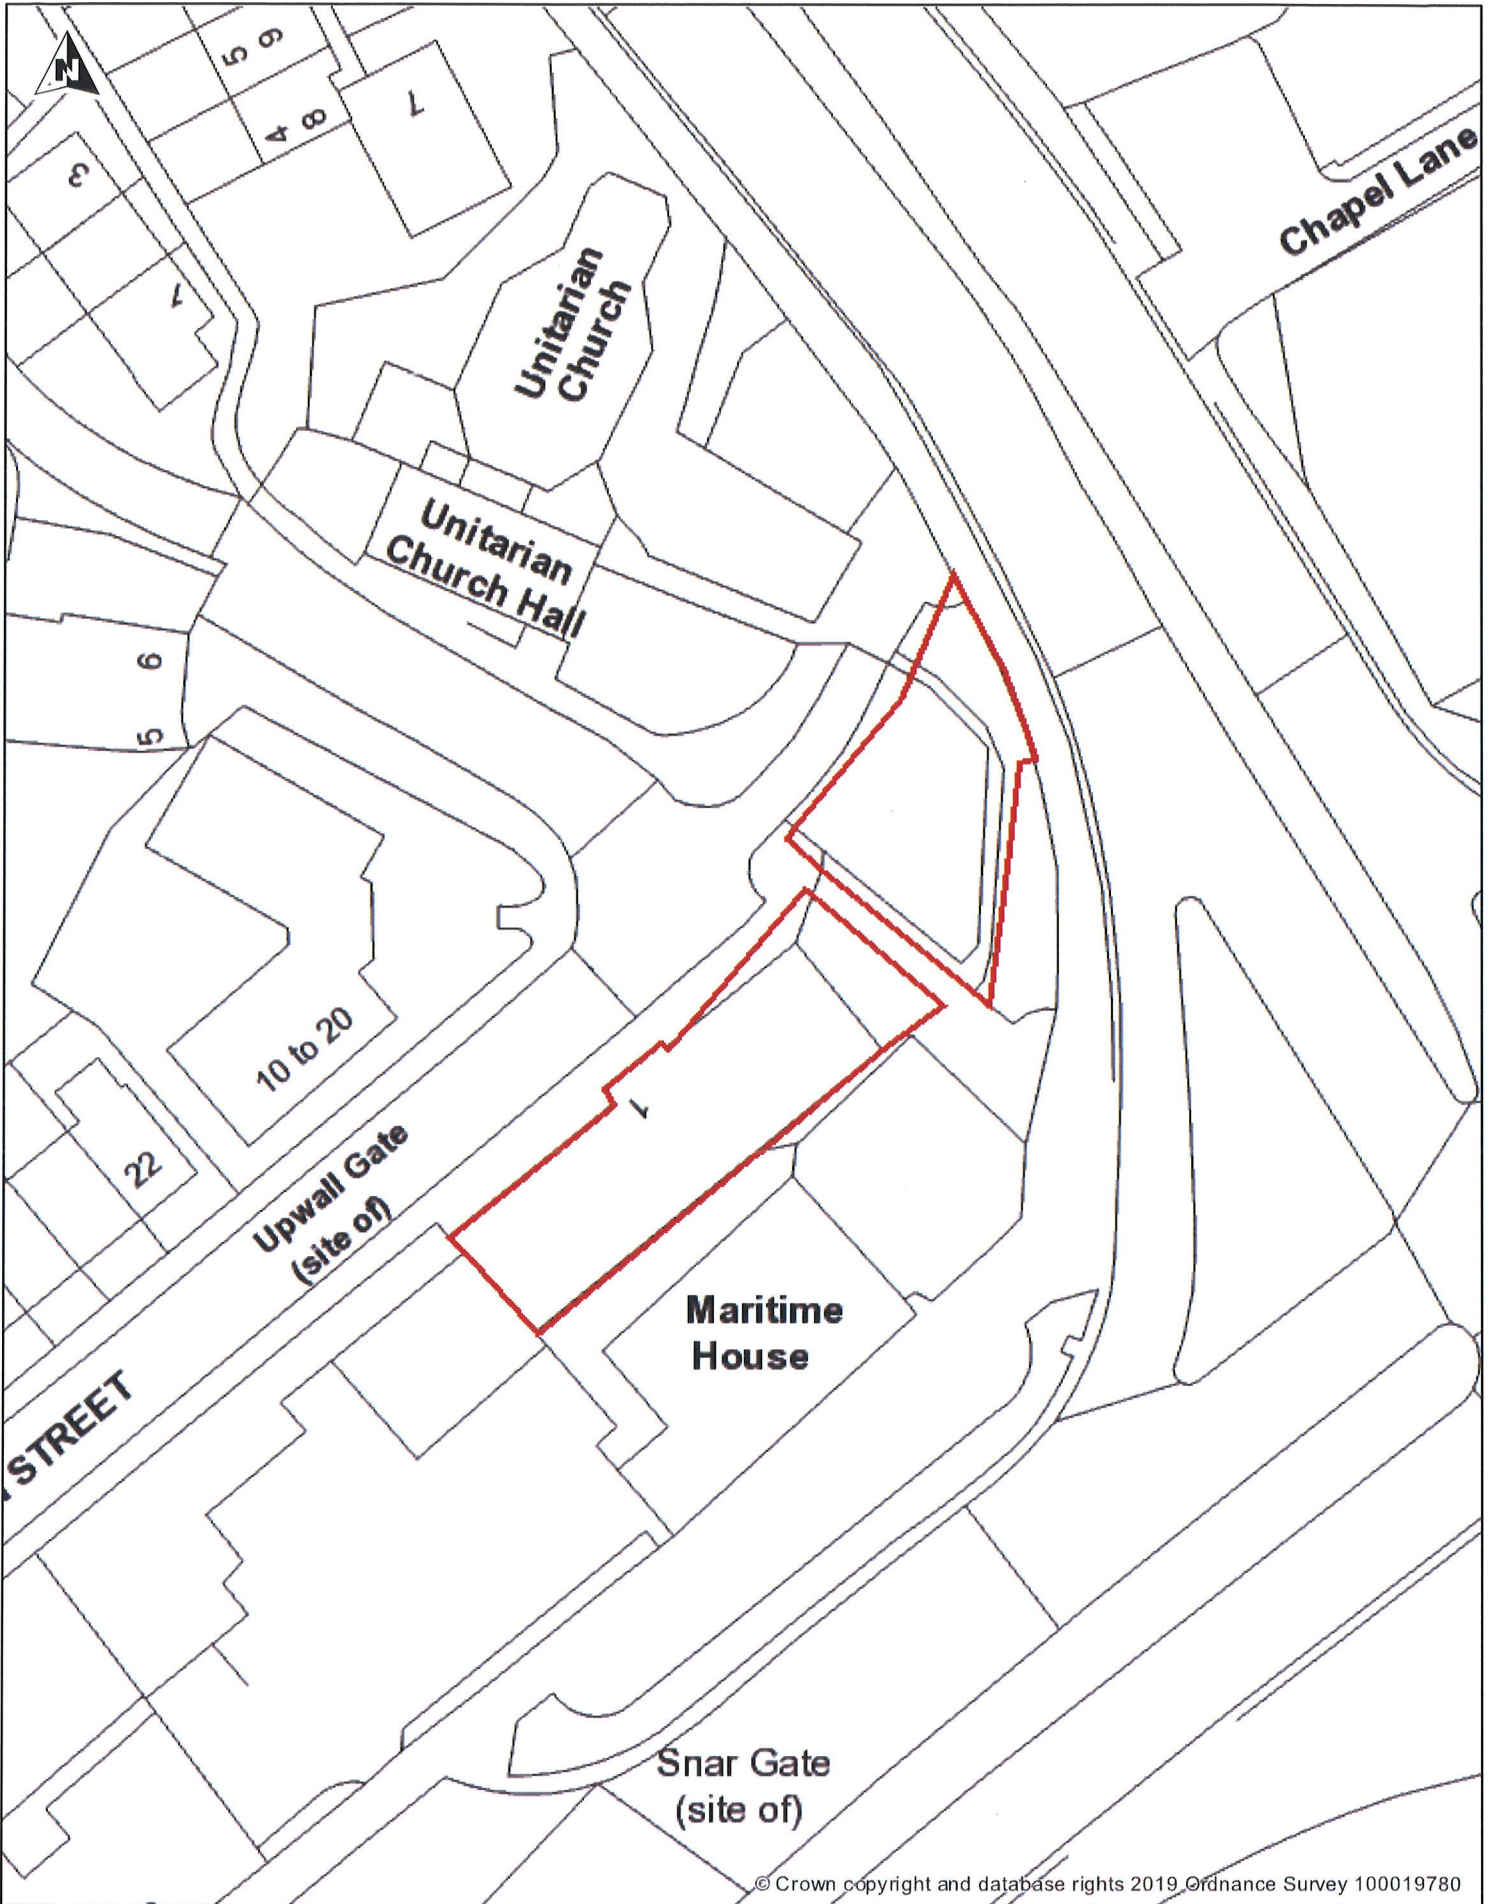

Reason: To protect and enhance existing species and habitat on the site in the future

18. No development shall take place until a Construction Management Plan has been submitted to and approved in writing by the local planning authority. The said plan shall include details of: areas for the loading and unloading of plant and materials; parking areas for construction workers; temporary access arrangements; hours of construction working; machine operated plant to be used; temporary lighting; measures to control the emission of dust and dirt during construction; and temporary hoarding/fencing. The approved Construction Management Plan shall be fully complied with throughout the construction period.

Reason: These details are required prior to the commencement of the development in the interests of minimising the impact of the development during the construction phase.
